

2005 Annual Report

Letter to the Governor

July 17, 2006

TO: Honorable Mitchell E. Daniels, Jr.
Governor

FROM: Paul E. Whitesell, Superintendent
Indiana State Police

SUBJECT: 2006 Annual Report

Contained in the following pages is the 2005 Indiana State Police Annual Report. As you review this document, you will see our department has accomplished much during the first year of this administration.

Our personnel, both enforcement and civilian, are committed to providing first class public safety services. We have set a goal of taking back the highways and re-establishing a premier police agency, one of which all Hoosiers can be proud.

Respectfully Submitted,

A handwritten signature in black ink that reads "Paul Whitesell, Ph.D.".

Paul E. Whitesell
Superintendent

Indiana State Police

Paul E. Whitesell, Ph.D.
Superintendent

Larry R. Rollins
Assistant Superintendent

Danny L. East
Lieutenant Colonel

Larry D. Larkin
Lieutenant Colonel

Fred C. Pryor
Lieutenant Colonel

Rules of Official Conduct

1. Members of the Indiana State Police shall be habitually courteous. They shall recognize their responsibilities as public servants and shall be particularly attentive to citizens seeking assistance or information, to register complaints or to give evidence.
2. They shall accept their responsibility to the public by being punctual in their engagements and expeditious in the performance of their duties.
3. They shall regard their office as a public trust, and in the discharge of their duties, be constantly mindful of their primary obligation to serve the public efficiently and effectively.
4. They shall administer the law in a just, impartial and reasonable manner and shall not provide more reasonable treatment to some people than to others. They shall recognize the limitations of their authority and at no time use the power of their office for their own personal advantage.
5. They shall be true to their obligation as custodians of public property and shall bear in mind that the misuse or waste of public property is equally as reprehensible as the misuse or waste of money from the public treasury.
6. They shall not limit their effectiveness in the administration of their office by accepting gratuities or favors from those with whom they may have official business.
7. They shall cooperate fully with all public officials, assuring the safety and general welfare of the public. They shall not permit jealousies or personal differences to influence their cooperation with other agencies or with one another.
8. They shall add to their effectiveness by diligent study and sincere attention to self-improvement. They shall welcome the opportunity to disseminate practical and useful information relating to matters of the public's safety and welfare.
9. They shall conduct their public and private lives so that the public will regard them as examples of stability, fidelity and morality.
10. They shall bear faithful allegiance to their government and be loyal to their profession. They shall accept, as a sacred obligation, their responsibility as citizens to support the constitutions and laws of the United States and of the State of Indiana. As public servants, they shall consider the privilege of defending the principles of liberty, as defined in our constitutions and laws, the greatest honor that may be bestowed upon any individual.

Office of the Superintendent Chief Counsel

- The chief counsel and legal assistant are responsible for processing all litigation, which involves coordination with the Indiana Attorney General's Office as to legal strategy and responsive pleadings.
- Staff handles field inquiries regarding legal issues facing troopers and provides legal counsel to the central office on personnel and contractual matters.
- Personnel oversee legislative efforts at both the state and federal levels. Reviews of internal and external legislative initiatives are completed and information is provided to legislators on the department's positions and concerns about pending legislation.
- The office provides training to troopers regarding legislative changes affecting the department's operations.

Deputy Superintendent of Enforcement

Commercial Vehicle Enforcement Division

- The division certified 32 additional non-division troopers in the Motor Carrier Safety Assistance Program (MCSAP), which provides additional traffic enforcement and roadside inspections of commercial vehicles.
- The division participated in four multi-state enforcement projects. These projects were an organized effort between Indiana and adjoining states to target commercial vehicle violations in specific border areas. The blitzes highlighted the need for coordinated efforts between states in traffic enforcement related to commercial vehicles, as thousands of vehicles and drivers were cited for violations during the four projects. Local and statewide media outlets provided favorable coverage of the enforcement efforts.
- A specialized squad of motor carrier inspectors was organized to work exclusively as safety auditors. These inspectors provided educational and organizational support to new companies with a commercial vehicle aspect to their business, in an effort to reach voluntary compliance of the Federal Motor Carrier Safety Regulations. Over 760 safety audits were completed.
- The division increased its enforcement manpower by filling positions at Connersville, Indianapolis, Jasper, Pendleton and Redkey. These troopers work closely with the local school corporations to inspect buses and monitor bus driver alcohol and drug audit programs.
- All division enforcement personnel participated in the Annual School Bus Inspection Program, which involves detailed examinations of every school bus in Indiana. Nearly 18,000 inspections were completed, which included 14,791 buses checked during the summer months. Over 1,100 were examined a second time during January and February due to the buses being 12 years old or older and several hundred additional spot checks were conducted throughout the year.
- Motor carrier inspectors (MCI) received additional training and equipment to enhance their safety. MCI's were issued and trained to use expandable batons and chemical mace.
- In an effort to increase enforcement during holiday periods, the division allowed personnel to work extra hours during the 4th of July, Labor Day, Thanksgiving and Christmas holidays. The additional use of MCSAP monies placed MCI's and troopers who would not normally be working on highways.

Deputy Superintendent of Enforcement

Criminal Investigation Division

- Staff processed 21,473 initial case reports.
- Personnel completed 242 governor's backgrounds along with 23 background requests from out of state police agencies.
- Two division officers assigned to the U.S. Attorney's Office investigated white collar crimes with the FBI and IRS. One case involved an employee of Farm Bureau Insurance who was accused of embezzling over \$1.4 million.

Criminal Intelligence Section

- An officer was assigned to the FBI Joint Terrorism Task to serve as department liaison on terrorist related issues and criminal activity.
- The section continued its partnership with the National Guard and the Counter Drug program. This program allows the National Guard to activate and assign a guardsman to the department at no cost.
- The section processed 2,215 requests for service including 25 INTERPOL (International Police Organization) inquiries, and 63 FinCEN (Financial Crimes Enforcement Network) requests. They submitted 1,409 intelligence reports to MAGLOCLEN (Middle Atlantic-Great Lakes Organized Crime Law Enforcement Network) and completed 89 intelligence summaries for enforcement personnel.

Special Investigations Section

- The section received 311 referrals from the Internet Fraud Complaint Center. The referrals involve Indiana citizens who have been victimized over the Internet or where it is suspected the perpetrator is an Indiana resident.
- Auto theft detectives initiated 85 new investigations and recovered 92 stolen vehicles, four all-terrain vehicles, eight tractor-trailers and two pieces of construction equipment. The unit worked an odometer fraud case involving the Irish Travelers resulting in the conviction of 19 suspects.
- The Vehicle Crimes Unit is working a joint case with the FBI involving stolen cars from Florida being cloned and re-sold in Indiana and Kentucky. Over 100 stolen cars have been recovered nationally, 23 in Indiana. This stolen car ring is run by a Cuban organized crime group.
- The Crimes Against Children Unit received 463 investigative referrals from the National Center for Missing and Exploited Children.
- The Crimes Against Children Unit investigated a Carmel suspect for making sexually explicit videos involving 10 and 13 year old girls, then distributing them to other states. In another case, a deputy in southern Indiana was accused of molesting and exploiting his 12 year old daughter. The deputy was convicted on 16 felony counts and is serving a 38 year prison term.

- The Crimes Against Children Unit used grant monies to purchase a mobile forensic computer lab, which allows certified officers to do computer examinations at crime scenes. The department, in cooperation with Purdue University and the National White Collar Crime Center, developed the training and certification program for the mobile lab.
- The White Collar Crime Unit worked a case in Lake County involving a police officer who allegedly embezzled over \$80,000 from a fraternal organization. Another case involved a town treasurer who was accused of converting over \$35,000 in town funds for her personal use.
- The Cyber Crime Unit conducted forensic examinations on computers confiscated as evidence. The following items were submitted for examination: 43 computers, 719 compact/computer discs, 111 hard drives and two cell phones.

Drug Enforcement Section

- The Airport Task Force, in partnership with the Bureau of Immigration and Customs Enforcement and the Indianapolis Police Department, continued their interdiction efforts at the airport, hotels, bus stations and package delivery couriers. The task force seized marijuana, cocaine, heroin, steroids, prescription drugs and U.S. currency.
- The section worked with the Drug Enforcement Administration to take down three large drug organizations. One case resulted in the seizure of 31 kilos of cocaine and \$168,000. The second investigation resulted in the seizure of 103 pounds of marijuana, 10 kilos of cocaine, nine pounds of methamphetamine and \$15,000. Over 50 defendants were indicted in these three cases.
- DES Uniform Interdiction Officers worked throughout the state to interrupt and prohibit the flow of drugs. This unit seized 1,376 pounds of marijuana, 56 kilos of cocaine, nine pounds of methamphetamine, 12 handguns and over \$800,000.

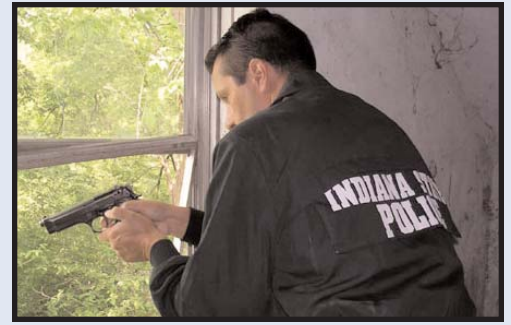

Area I

- Detectives assigned to the East Chicago Voter Fraud Task Force worked with the Indiana Attorney General's Office and the Lake County Prosecutor's Office to investigate voter misconduct in the 2003 East Chicago Mayoral Primary. Since May 2005, 34 people have been arrested on a total of 160 felony charges.
- Area I continued its involvement with the FBI Gang Response Investigative Team (GRIT) based in Gary. GRIT was responsible for 82 arrests, and the seizure of 2,809 grams of cocaine, 92 grams of heroin, 1,411 grams of marijuana, \$38,931, 27 handguns and five shoulder weapons.
- Detectives investigated a fraud claim involving Farm Bureau Insurance, believed to involve two or three victims. However, as the investigation continued, 21 victims were identified, requiring assistance from the FBI, IRS and U.S. Attorney's Office. Many different schemes were involved, including: surrendered policies without the insured's knowledge or permission, loans taken out on policies by the suspect, fictitious policies that never existed, and cash withdrawals from policies without authorization from Farm Bureau or their customers' knowledge. The suspect has pled guilty to the federal charges. According to the U.S. Attorney's Office, this arrest ended one of the largest fraud cases in the United States committed by a single insurance agent. The total loss is estimated at \$1.4 million.

Area II

- Barbara Keim was murdered after refusing to allow her daughter to be with an 18 year old boy. The daughter and two other teenagers planned the kidnapping and shooting of Ms. Keim, leaving her body in a cornfield. All three suspects have been arrested.
- Detectives worked with agents from the Florida Department of Law Enforcement to arrest a man for child solicitation. The suspect attempted to solicit sex from an 11 year old northern Indiana girl via the Internet. The suspect was arrested in Florida and extradited to Indiana.
- Detectives and investigators from the Indiana Attorney General's Office identified a local dentist who allegedly misdiagnosed patients in order to submit claims for Medicare and insurance coverage for unnecessary work. The dentist was charged with Medicaid fraud and theft.
- Investigators arrested a Muncie man after it was determined he had embezzled nearly \$175,000 of company funds. The suspect was issuing company checks to various individuals, businesses and associates for personal gain.
- Detectives arrested a suspect who stole nearly \$137,000. The suspect operated a funeral home and sold insurance coverage for pre-arranged funeral services then cashed out the policy prior to the death of the parties without their knowledge.

Area III

- Detectives worked 65 death investigations. One of the cases involved a Monroe County jailer who was shot to death as he drove home from work along State Road 37.
- Detectives worked a case where parents took photographs and videos of their 10-year-old daughter in the nude or dressed in provocative clothing in sexually suggestive poses. The parents then sold these materials over the Internet and took orders from Internet customers who wanted special poses or movie storylines involving their daughter. The names and addresses of the Internet customers were obtained and turned over to the FBI for a multi-state investigation.
- A Catholic priest was arrested for sexually abusing a male 'protected person' over the age of 18 after the victim reported the abuse. The victim reported the abuse occurred over the course of a year during overnight camping trips and at the home of mutual friends. This case is currently awaiting trial.
- Detectives investigated a case in Pike County where a male suspect tried to kill his ex-wife. The family was due in court to discuss custody issues and child support. The suspect was upset with his ex-wife and waited in a ditch along the road she would be traveling to attend the court hearing. As the ex-wife and her daughter (also the suspect's daughter) drove by, the suspect shot at the vehicle striking the windshield. The suspect fled the scene but was later arrested.

Area IV

- Detectives along with the FBI, Jackson County Sheriff's Department and Crothersville Police Department investigated the abduction and subsequent murder of 10-year old Katie Collman. A Seymour man was convicted of abducting, molesting and murdering Collman. This case garnered national news coverage and was a positive example of multi-agency cooperation.
- Detectives along with the North Vernon Police investigated a murder case where a suspect shot and killed his ex-wife's boyfriend in the Am-Vet parking lot in North Vernon. The suspect remained at-large for over a month before being apprehended during a stand-off.
- Detectives investigated a case where an armed suspect shot a New Albany police officer and fled from the scene. The officer recovered from his injuries and the suspect was arrested on attempted-murder charges.
- Detectives reviewed the David Camm murder case after Camm's murder convictions were overturned by the Indiana Court of Appeals. The second investigation revealed a co-conspirator, Charles Boney, who was charged in this triple-murder case. After two extensive trials, Boney and Camm were both convicted of murder.

Area V

- Detectives investigated 90 cases from the Department of Correction.
- A case was initiated at Hoosier Park in Anderson after receiving reports that horses were being drugged. The investigation resulted in a veterinarian's employee being arrested for the unregistered dispensing of controlled substances.
- Detectives responded to three different instances of shootings on the interstate. The first occurred when individuals became angry with each other at a restaurant and one of the individuals fired multiple gunshots into the other person's car. The suspect was arrested and charged with criminal recklessness with a weapon. The second incident occurred when two drivers were involved in a road rage incident that escalated to one of the individuals firing two shots at the other person's vehicle. The suspect was arrested and pled guilty to battery. The third incident arose from a domestic situation in which the suspect followed the victim on to the interstate and fired multiple shots at her vehicle. One of the shots struck the victim in the leg.
- Detectives investigated a rape and kidnapping of a female and her two year old son. While holding the victims captive, the suspect burglarized three residences and stole a vehicle. The suspect proceeded to rob a business, then burglarized another residence and raped a female occupant. The suspect was apprehended in Rockville, Illinois.

Deputy Superintendent of Enforcement

Field Enforcement Division

Aviation Section

- The section's mission is to provide traffic enforcement assistance, fugitive and victim search and rescue, criminal surveillance, aerial photographic services, airborne command and control functions and disaster assessment and assistance.
- The department's marijuana eradication program is operated through the section. This program strives to locate and eliminate indoor and outdoor marijuana grows and prosecute individuals involved in those activities.

Capitol Police Section

- The Capitol Police Section provides protection and law enforcement for the Statehouse, Indiana Government Center Complex, the White River State Park and the Governor's Residence.
- Personnel initiated 162 cases, responded to 4,641 calls for service and unlocked 131 vehicles.

Field Operations Section

- Personnel manage monies and track statistical data for federally funded grant projects and highway construction zones, which allow officers to work off-duty.
- The Operations Center responds to requests from police agencies nationwide for Indiana Bureau of Motor Vehicle digitized drivers' photographs. The center processed 26,116 images, a 264 percent increase.
- The Operations Center serves both local and surrounding state police agencies with the issuance of AMBER Alerts.
- Personnel assist the Records Division in processing background checks through the National Instant Criminal Background Check System (NICS) on individuals purchasing handguns. The center conducted 5,750 NICS checks.
- The division took on some additional responsibilities. Personnel now oversee the Canine Program, which trained four handlers and dogs. It supervises and supports the Executive Protection Unit, which provides security for the Governor and his family, and the Judicial Executive Protection Unit, which provides security for Indiana Court of Appeals judges.

- Staff coordinates the training and equipment needs of department specialty teams. The teams conducted the following number of operations:

Emergency Response Teams	42
Explosive Ordnance Disposal Teams	168
Hostage Crisis Negotiations Teams	15
Underwater Search and Rescue Teams	63

- Two additional specialty teams were added: the Critical Incident Stress Management Team, made up of troopers and chaplains who help in times of crisis, and the Motorcycle Unit, which consists of 20 units assigned throughout the state.
- Staff coordinated the law enforcement contingency for Operation Hoosier Relief, which responded to the Hurricane Katrina disaster. Personnel worked with the Indiana Department of Homeland Security and assembled groups of officers from the department and other law enforcement agencies to provide three groups of 60 officers who spent two weeks each in Biloxi, Mississippi.

Deputy Superintendent of Enforcement

Gaming Enforcement Division

- The division continued to partner with the Indiana Gaming Commission to provide law enforcement and a regulatory presence on all casino riverboats.
- Personnel investigated 1,021 cases with 355 criminal charges and 87 felony charges. Troopers worked 239 incidents and generated 705 intelligence reports.
- Detectives investigated a theft and cheating case, which involved an international crime syndicate that stole over a million dollars in just a couple hours. The investigation revealed this crime syndicate has stolen millions of dollars from other casinos in Indiana, across the country and around world.
- Resorts took ownership of Harrah's Casino during 2005, requiring every employee to be licensed and slot machines retested in a very short time frame.
- The French Lick/Blue Sky background investigation was completed by detectives prior to the transition of the Background Unit to the Indiana Gaming Commission.

Deputy Superintendent of Enforcement

Office of Counter Terrorism

- The office is run by a major, who serves as liaison to the state and federal Departments of Homeland Security.
- The office serves as the department's primary point of contact with the U.S. Department of Homeland Security Homeland Security Operations Center.
- The officer is responsible for liaison with the Indiana Counter Terrorism and Security Council and implements the National Incident Management System within the Indiana State Police.
- The office coordinated the project to develop an intelligence fusion center in Indiana.

Deputy Superintendent of Enforcement Area I

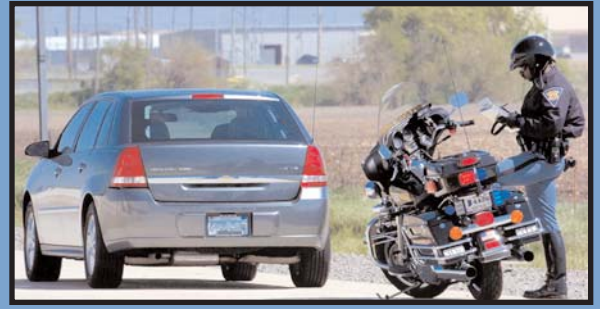

- The largest cultivated marijuana plot in Indiana's history with 2,687 plants, some over eight feet tall, was located in Area I. Subsequent surveillance and investigation resulted in the conviction of several suspects. This coordinated investigative effort removed several millions of dollars of marijuana from the streets.
- Personnel assisted in several criminal investigations. These investigations involved public corruption, police action shootings and homicide cases.
- A trooper was assigned to the U.S. Marshal's Great Lakes Regional Task Force, which includes several northwest Indiana police agencies. The task force closed 684 of 739 fugitive investigations (498 were closed by physical arrest).
- The Emergency Response Team (ERT) was activated for six operations. The primary function of the team is to handle barricaded subjects, high risk search/arrest warrants, hostage situations, surveillance as well as any other difficult operation which warranted a team response to a potentially violent situation. The activations included working with FBI SWAT (Special Weapons and Tactics) to serve warrants with the Gang Response Investigative Team (GRIT) in Gary.
- The USRT (Underwater Search and Rescue Team) was utilized for 20 operations. These divers have become experts in underwater investigations. The operations included body and vehicle recoveries, evidence recovery and safety crews for open water athletic events.
- USRT members responded to Mississippi to help other law enforcement personnel in the wake of Hurricane Katrina. The team used skills learned from SCUBA and swift water rescue training to assist and relieve local authorities. They patrolled an average of 120 miles a day by boat. The areas of patrol varied between the Gulf of Mexico to bayous and rivers which were almost impassable. Their goal was to locate victims and also prevent looting.

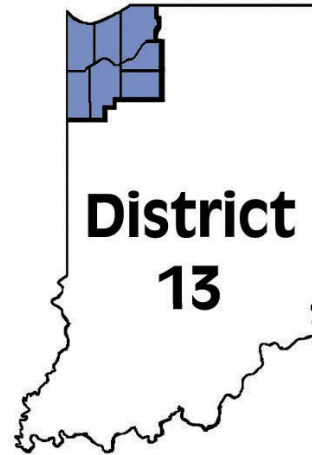

Deputy Superintendent of Enforcement

Lowell District

- Troopers working with the Marijuana Eradication Team spotted a large plot of cultivated marijuana growing in a secluded area. Closer inspection revealed thousands of marijuana plants, many over eight feet tall. Surveillance was set up which resulted in the arrest of two suspects, both who have pled guilty and are now awaiting sentencing in federal court. This is being called the largest cultivated marijuana plot in Indiana history, with 2,687 marijuana plants seized worth millions of dollars.
- The final phase of a three year construction project on the Borman Expressway (I-80/94) was completed. Through the Waves of Construction Project, officers from the district worked days off and at the end of their normal shifts to provide enforcement and public safety services during this extensive project. Officers were able to reduce the number of construction related crashes from previous years by maintaining a 24-hour presence in the construction zones.
- The work of five troopers resulted in a combined total of 207 intoxicated drivers being removed from the highways.
- Troopers assisted in several investigations in northwest Indiana. One trooper was involved in the apprehension of an armed robbery suspect from the Griffith area. Troopers assisted Jasper County Sheriff's Department and the FBI in the investigation of a double homicide.

Deputy Superintendent of Enforcement

Lafayette District

- Two troopers were assigned to address the methamphetamine problem within the district. Several meth labs, including the largest one ever located within Indiana, was dismantled and 84 criminal arrests made.
- District marijuana eradication officers seized 95 outdoor cultivated plots and four indoor grow operations. They eradicated 765,236 ditch weed plants.
- Troopers along with the other four local agencies in Tippecanoe County partnered with the U. S. Marshals Great Lakes Regional Fugitive Task Force in serving 20 warrants in the Lafayette area.
- The district once again participated in the "Click It or Ticket" campaign. District personnel conducted 18 seat belt enforcement zones.
- The district participated in Child Safety Seat Inspection Stations. Over 50 child seats were checked and 37 were found to be defective.
- Troopers participated in 47 squad leader directed patrols addressing impaired driving, commercial motor vehicle violations, aggressive driving, school bus stop arm violations and habitual traffic violators.
- For the fifth year in a row the district participated in the "Cops 4 Kids Program" at Christmas. The local Division of Family and Children Offices selected needy children who would benefit from the gifts bought with the money provided by the "Cop 4 Kids," Sam's Club and Wal-Mart. Several enforcement personnel helped children shop. A total of 25 children benefited from this program.
- District personnel participated with several local agencies in a drug interdiction detail on Interstate 65. In a six hour time frame, 186 traffic arrests, 12 criminal arrests, five felony arrests, one Operating While Impaired arrest and two drug arrests were made.

Deputy Superintendent of Enforcement

Peru District

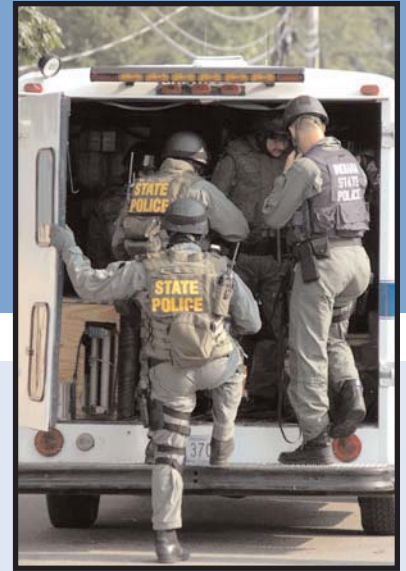

- A sergeant and a corporal used an Automatic External Defibrillator on a man to revive him. A telecommunications operator was recognized for his coaching of family members to perform CPR. Their combined quick actions saved the man's life.
- The annual Law Day at Grissom Air Reserve Base was conducted during May. Members of the Peru Police Department, Miami County Sheriff's Department, U.S. Marshals Service, Indiana State Excise Police, FBI, Indiana Department of Natural Resources, Grissom Security Police and the Indiana State Police hosted over 600 grade school children from area elementary schools. Static displays by each agency as well as live demonstrations educated the children as to the capabilities of each department.
- District personnel conducted two Operating While Impaired saturation patrols. Administrative troopers and detectives, joined road troopers in saturating the district to look for impaired drivers. These patrols have been successful incarcerating several suspects for operating while intoxicated and other criminal charges.
- North Central Indiana has two main thoroughfares, U.S. 31 and U.S. 24, supplying a constant flow of commercial traffic. Two commercial motor vehicle enforcement days were conducted. Enforcement and investigations personnel, supplemented with Commercial Vehicle Enforcement Division personnel targeted moving violations committed by the drivers of commercial vehicles.

Deputy Superintendent of Enforcement

Area II

- The Emergency Response Team (ERT) was activated for nine operations. On one occasion, ERT served a search and arrest warrant at a rural drug house where dealers were supplying cocaine to the region. After thorough research and planning, the team made entry and found illegal drugs, firearms, surveillance equipment and cash. Detectives arrested six suspects. While serving another high risk warrant, team members, working with detectives, found over 120 pounds of marijuana, two kilos of cocaine and \$200,000 in U.S. currency as well as weapons. Four suspects were taken into custody.
- The Underwater Search and Rescue Team (USRT) was called out for seven operations. During an underwater search in St. Joseph County, while looking for evidence in a homicide, they recovered 21 firearms over two days. Three of the firearms fit the description of the .38 caliber handgun used in the homicide. Others found were stolen or also suspected of being used in criminal activity. Team members also responded to an airplane crash in Lake Maxinkuckee. Divers arrived within eight minutes of the dispatch. One of the victims was pulled out of the submerged aircraft within minutes of the plane going into the water. The scene was then secured until federal investigators arrived. Although no one survived the crash, ISP divers operated professionally and gave the victims the best possible chance to survive.
- Explosive Ordnance Disposal (EOD) was very busy in the north region of the state. They had 40 explosive pickup and disposal details and 11 security details which included presidential visits and sporting events such as Notre Dame home football games. They were requested six times for technical and bomb threat support. The team investigated 10 suspicious package/hoax improvised explosive devices and rendered three devices safe. They supported the clandestine lab teams and gave 15 programs.
- The Crisis Incident Management Team (CISM) marked its 10th year in 2005. In Area II they assisted first responders and their families who were involved in an especially personal and terrible traffic fatality. CISM provided defusing and debriefing techniques to help the attendees. They also provided support and conducted one on one meetings with ISP personnel at the Fort Wayne District concerning a line of duty shooting.
- The Clandestine Laboratory Team responded to 235 labs in northeast Indiana. Most counties had a reduction in labs dismantled with a notable exception of Marshall County, where there has been an outstanding team response to gathering intelligence and investigating the problem of methamphetamine.
- The Marijuana Eradication Team gained over 250 state and federal charges and raided more than 25 indoor grow operations. Approximately 200 outdoor plots were investigated and destroyed, and thousands of dollars worth of assets including firearms were seized. One case produced the highest concentrated marijuana collected by investigators in recent years. A sample of the marijuana was sent to the University of Mississippi and returned with a THC of over 18 percent. The average THC is .05 percent.
- Fort Wayne has been the new training area for the department's canine program. The first class started in the fall of 2005. A sergeant from the district has been tasked with coordinating the program.

Deputy Superintendent of Enforcement

Toll Road District

- Personnel are involved in special assignments including traffic control at the University of Notre Dame home football games and specialized projects funded by the Indiana Department of Transportation.
- Twenty-four hour patrol coverage is always maintained at the district.
- Training and education in emergency vehicle operation was provided to Toll Road maintenance employees by district personnel.
- Troopers performed numerous programs and public information functions at local schools, clubs and fairs.
- The district's enforcement efforts placed the district in the top 10 category of overall enforcement within the state.
- Proactive programs have been instituted to curb crime and to provide a safe environment for toll road and service plaza employees. Those programs include: educating management personnel at the service plazas on the use of existing video equipment and proper money handling which should help reduce employee thefts; providing toll attendants information on how to detect counterfeit money; and teaching maintenance workers to identify products and equipment used in mobile meth labs to reduce potential health hazards.

Deputy Superintendent of Enforcement

Fort Wayne District

- The "Stay Focused" program continues to expand. Launched in 2004, and funded by the Drug and Alcohol Consortium of Allen County, the program allows participants to operate a specialized golf cart through a series of obstacles. After successfully negotiating the obstacles "unimpaired," the participant then wears a pair of Fatal Vision Goggles, which distort one's vision similar to one who has been drinking. The program allows participants first hand knowledge of how altering one of their senses could have life changing consequences if they were operating a vehicle on the open roadway. Each time the program is presented more and more requests are made by various groups, organizations and schools for additional presentations. The program has greatly exceeded expectations and has increased awareness of the dangers of impaired driving.
- In addition to their regular duties, enforcement personnel put forth a continuous effort in the area of public service and participated in a variety of programs to educate the public on topics such as drug abuse, seat belt and child restraint use, driver safety, recruiting and department youth camps. Enforcement personnel led the state in the number of public appearances and programs for the year.
- Troopers conducted specialized patrols addressing operating while intoxicated, commercial motor vehicle and passenger restraint violations. Their efforts resulted in numerous impaired driving, criminal and traffic arrests.
- Quarterly crash statistics were utilized to identify locations in each county where frequent and severe crashes were occurring. Specialized patrols were then assigned in these locations targeting causation violations. The enforcement actions taken on these violations have resulted in a significant reduction in crashes at these locations.

Deputy Superintendent of Enforcement

Bremen District

- The marijuana eradication troopers located several major indoor grow operations, made 195 arrests, destroyed 2,093 plants and seized 58 firearms.
- Two troopers attended special training to become first responders in weapons of mass destruction. These troopers will be able to respond to calls ranging from biohazardous material to nuclear spills. They are among a few non-military personnel to complete this training.
- Several DUI (driving under the influence) saturation patrols were held. A specific focus was placed in St. Joseph County, where a trooper had 120 DUI arrests in seven months.
- Two troopers assigned to Marshall and Kosciusko Counties addressed the growing methamphetamine problem by focusing on production methods. Part of the program revolves around using proactive methods to detect people who are manufacturing methamphetamine. Individuals are encouraged to call in tips for the troopers to investigate. The program began in September and has already resulted in raids on seven locations and numerous arrests.
- Elkhart County officers and troopers from other districts assisted with the Elkhart County fair. The fair is the third largest in the United States. Along with traffic direction, the troopers presented several programs and recruited applicants.
- More than 86,000 people travel to Notre Dame Stadium six times a year to experience a football game at one of college football's most hallowed venues. Most district troopers were involved in traffic direction and public information details at all Notre Dame home football games. This presents our troopers with unique challenges which were handled with the utmost professionalism.

Deputy Superintendent of Enforcement

Redkey District

- The district's school bus stop arm violation project continues to expand. School bus drivers are encouraged to record pertinent information when a motorist runs a stop arm. The information is assigned to a trooper for investigation. This year, 79 stop arm violations were investigated and 21 citations were issued.
- Using the new ephedrine sales law, a trooper started reviewing ephedrine sale logs in Randolph County. Reviews of the ephedrine logs resulted in 11 cases being drawn for ephedrine sales violations.
- The Marijuana Eradication Program drew 21 cultivating marijuana cases which resulted in 257 plants eradicated and 11 arrests made. Two indoor grows were dismantled.
- During a drug awareness program at a local high school, a Redkey detective was asked to investigate a report that a 16 year-old student was attempting to sell marijuana. The investigation revealed the student had marijuana packaged for distribution in his possession. The student was subsequently arrested.
- Redkey received a new emergency response vehicle for the Explosive Ordnance Disposal team through the Homeland Security acquisition grant. The vehicle, equipment and personnel will be available to assist local police departments and is utilized through the Redkey bomb technician.
- The district was involved in a 26 mile pursuit on Interstate 69 of a dump truck stolen from a repair shop in Kentucky the night before. Numerous other police departments were involved and stop sticks were used to end the pursuit with no injuries.

Deputy Superintendent of Enforcement Area III

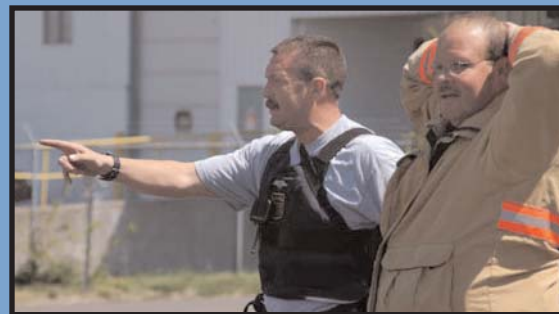

- The Explosive Ordnance Disposal (EOD) team members were activated for 53 operational calls during 2005. Some of the calls for service involved rendering safe improvised explosive devices. In the Bloomington District, the EOD team was called by the ATF&E to assist with the clearing and disposal of explosive chemicals at a residence in Lawrence County. The disposal of the chemicals was accomplished in three days with assistance from the Indiana State Fire Marshal's Office under the watchful eye of the Environmental Protection Agency.
- More than 1,300 methamphetamine laboratories were found in the state and 35 percent of those clandestine laboratories were found in Area III. In 2004, there were 699 methamphetamine laboratories found in Area III and in 2005, only 452 were found.
- More than 2,000 marijuana plants were eradicated in Area III during 2005, 142 people were arrested and 32 weapons were seized.
- In 2005, 2,024 criminal arrests were made and detectives investigated 65 deaths.

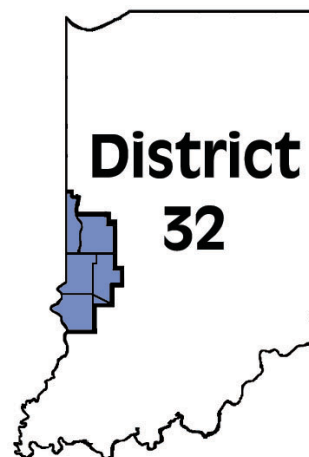

Deputy Superintendent of Enforcement

Terre Haute District

- In October, personnel investigated a triple homicide in Parke County involving a young woman and her two daughters. The suspect, Chad A. Cottrell, was arrested within days in Minnesota.
- In October, the South Vermillion High School and Middle School received multiple bomb threats. Some of the bomb threats were written on the walls in the schools' bathrooms. The multi-agency investigation resulted in six juveniles being arrested.
- In September, troopers received a report of a school bus operating erratically. The driver was found to be intoxicated and was arrested. The bus had 10 students on-board and was en route to a tennis match.
- In July, a trooper graduated from the FBI Hazardous Devices School, located at the Redstone Arsenal in Huntsville, Alabama. He completed the five week class and was the leader of his graduating class, receiving his Bomb Technician Certification.
- District units eradicated 4,500 marijuana plants located at 66 different plots. More than 30 arrests were made and approximately \$5,500 in assets seized.

Deputy Superintendent of Enforcement

Bloomington District

- Troopers investigated and assisted in the seizure of 27 clandestine laboratories. Ninety-six felony drug cases resulted in 157 felony charges and 112 misdemeanor drug charges.
- Troopers assigned Greene County investigated a methamphetamine case that resulted in 11 felony drug charges. Approximately \$50,000 worth of firearms was confiscated, along with \$12,000 cash and numerous controlled substances.
- In Lawrence County troopers investigated a dealing in marijuana case which resulted in numerous felony drug charges, over 200 pounds of marijuana confiscated and over \$100,000 cash seized. This investigation was a joint effort with the Mitchell Police Department. Cooperation with local departments involving drug investigations continues to be very successful.
- District marijuana eradication troopers, in a joint effort with out-of-state departments, investigated a case which resulted in the confiscation of 384 marijuana plants and other controlled substances.
- Troopers conducted numerous public speeches at drug rehabilitation centers and public schools addressing the methamphetamine problem.
- District traffic goals were obtained. Troopers showed strong participation in special traffic projects.

Deputy Superintendent of Enforcement

Jasper District

- Troopers and detectives worked several death investigations including three homicides. In one case an estranged husband killed his ex-wife, their two small children and the ex-wife's boyfriend before killing himself.
- A suicidal truck driver hauling hazardous and flammable materials called the post threatening to crash his truck into a residential area. The post commander attempted to dissuade the driver from causing harm as troopers moved to intercept. The location of the truck was unclear and the truck driver ended the call before progress could be made. He eventually crashed the truck along State Road 66 in Marengo then ignited the load. A one-half mile radius of homes were evacuated until the fire was extinguished. Troopers and local police arrested the driver a short time later.
- A Perry County trooper stopped two suspicious people for a traffic violation and impounded the car for false registration. Upon inventory of the vehicle, numerous stolen items were discovered. The discovery led to a search warrant for a barn near Gatchel, revealing several thousand dollars of stolen items from numerous burglaries.
- Troopers assisted with recovery and relief efforts after tornadoes ripped through parts of Daviess and Martin Counties. Significant damage was done to businesses and homes between Cannelburg and Odon. These storms occurred just days after Jasper troopers assisted Evansville officers with policing details in Vanderburgh and Warrick Counties after the deadliest tornado in the country hit that area.
- The district continued its School Bus Stop Arm Program. A trooper is assigned to every school corporation in the district. When a motorist disregards a stop arm, bus drivers can submit a form with details of the violation and troopers follow up with an investigation. Nearly 70 hours were spent investigating these violations.

Deputy Superintendent of Enforcement

Evansville District

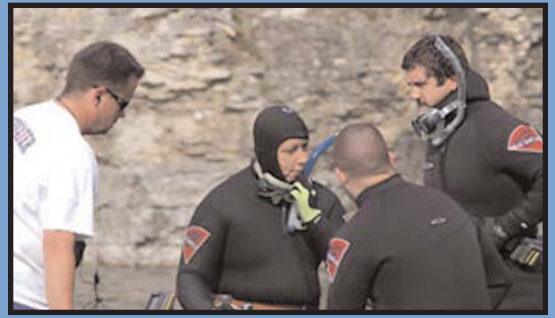

- A trooper in Knox County observed a driver wanted on warrant. As a result of the trooper's quick actions, a pursuit ensued which resulted in a crash and shoot out with the suspect. The suspect was killed in the shoot out.
- Troopers, motor carrier inspectors, Illinois State Police, Kentucky State Police and Internal Revenue Service personnel conducted an enforcement blitz where 246 commercial vehicles were inspected resulting in 678 safety violations. Seventy vehicles and 13 drivers were placed out-of-service for serious violations. A total of 267 traffic citations were issued on a variety of violations.
- Mother Nature took a devastating route through the district during the early morning hours of November 6th, when a tornado destroyed a mobile home park in Vanderburgh County and a large part of Newburgh and Boonville resulting in 23 deaths. District personnel worked closely with other emergency service agencies in both counties to secure the areas. Dignitaries from the state and federal government were provided with transportation and security during the incident by district personnel.
- In December two troopers were called to Sandborn to investigate a possible methamphetamine lab. Upon arrival the troopers observed a subject in a mobile home. The subject refused to come out. The troopers smelled the odor of chemicals associated with methamphetamine. The subject then intentionally set the mobile home on fire. The subject continued to refuse to come out of the mobile home and was succumbing to the smoke and heat. The troopers entered the doorway of the mobile home and pulled the subject out of the mobile home saving the subject's life.

Deputy Superintendent of Enforcement

Area IV

- Area IV detectives, along with investigators from Evansville, re-investigated the David Camm murder case after Camm's murder convictions were overturned by the Indiana Court of Appeals. The second investigation revealed a co-conspirator, Charles Boney, was involved in the killings and was subsequently charged in this triple-murder case. After two extensive trials, both the co-conspirators, Boney and Camm, were convicted of murder in this case.
- Seymour detectives, as part of a multi-agency task force that included FBI, Jackson County Sheriff's Department and Crothersville Police, investigated the abduction, rape and murder of a 10 year old Jackson County girl. A Seymour man was arrested and subsequently convicted in the case, which garnered national news attention.
- Sellersburg detectives investigated a police-action shooting case in Floyd County involving a New Albany Police officer and an armed suspect. The suspect shot the officer and fled from the scene. The officer recovered from his injuries and the suspect was subsequently arrested on attempted-murder charges.
- The Emergency Response Team (ERT) was activated for seven operations during 2005 and the Hostage Crisis Negotiations Team (HCN) was called out to six different incidents. Also, the Explosive Ordnance Disposal Team was called out 37 times during the year.
- Connersville detectives investigated a video-voyeurism case in Rush County, based on information provided by the Louisiana State Police pertaining to the suspect. A search warrant resulted in the seizure of hundreds of homemade videotapes of voyeur recordings. The investigation is on-going and will likely result in identifying the suspect as a multi-state serial sex-offender.

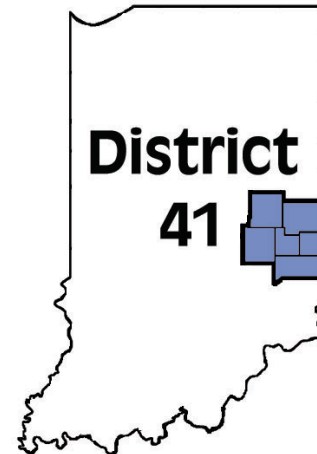

Deputy Superintendent of Enforcement

Connersville District

- The district's certified Clandestine Lab Team responded to 54 meth labs. They also conducted training seminars for local police and fire departments throughout the year.
- Two troopers coordinated marijuana eradication efforts for the district. Through their efforts 70 cultivated plots and eight indoor grows with 1,850 plants were eradicated, 16 pounds of processed marijuana destroyed and seven weapons seized. A total of 43 arrests were made.
- Troopers participated in the Henry County Youth League. It involved working with youth who were primarily first offenders and could benefit from a structured environment along with education and recreation. It is aimed at giving them a positive influence on their futures.
- An alert trooper apprehended a bank robbery suspect and recovered the stolen money and evidence from the crime minutes after the robbery.
- During the Metamora Canal Days in Franklin County, troopers worked traffic control on the single highway which runs through the rural community. The annual event draws a large crowd to the quaint small town.
- Through diligent work a trooper had two jury convictions on separate cases involving a school teacher for child molesting. The same teacher also pled guilty on two other counts.

Deputy Superintendent of Enforcement

Versailles District

- In January, troopers investigated the line-of-duty death of Lawrenceburg Police Detective Tom Cochran in a traffic crash. Troopers also supplied 24-hour police coverage in the city for a few days while local officials mourned the loss of the veteran officer.
- Troopers seized live improvised explosive devices from a suspect who had threatened to blow up the Indiana Statehouse. A multi-departmental investigation led to an arrest and the recovery of additional devices.
- A trooper in Jefferson County began a lengthy investigation into cocaine trafficking in the Madison area. As a result of the trooper's tenacious work ethic, the single investigation blossomed into a joint federal and state case that covered three states. Over 20 defendants were apprehended in the Jefferson County area.
- A trooper investigated a reported suicide case in Decatur County. The suicide was later found to be a homicide. The trooper successfully concluded the case and made an arrest for murder.

Seymour District

- A trooper was named Special Olympics Top Fund Raiser for his work in organizing the annual "Showdown of the Shields." In the event, area law enforcement, fire departments and other public service agencies rivaled against each other in a weightlifting competition. All donations collected helped support Special Olympics.
- "Easter Egg Hunt," "Visit with Santa" and "In-Lunch Programs" were just a few of the special events sponsored by the Seymour Post to interact with local youth. More than 100 children between 1 and 11 years of age scoured the Seymour Post's grounds hunting for Easter Eggs. In December Santa listened to children recite their lists of Christmas wishes. During the school year, Seymour hosted a weekly "In-Lunch Program." Local elementary students earned a chance to eat with troopers, receive a tour of the post and observe the internal operations of the district.
- Troopers assisted by the Jackson County Sheriff's Department arrested 15 protesters in Uniontown for obstruction of traffic and disorderly conduct. The protesters blocked a construction site entrance refusing to allow construction workers entry to the work site of an adult bookstore. The protesters continued their efforts to have the establishment shut down.
- Troopers and detectives joined with the FBI, Jackson County Sheriff's Department and Crothersville Police to investigate the abduction, rape and murder of 10 year old Katie Collman of Crothersville. A Seymour man was convicted in the case.

Deputy Superintendent of Enforcement

Sellersburg District

- Through a focused and comprehensive traffic enforcement plan, the district's fatal traffic crashes were reduced by 27 percent over 2004.
- All district troopers participated in a project to check the Sexual Offender Registries in Clark, Floyd, Harrison, Scott and Washington Counties. Arrests were made when offenders were located who were not in compliance with the law.
- Troopers who participated in the marijuana eradication program disrupted a major growing operation that resulted in the destruction of approximately 3,000 plants with an estimated street value of \$2 million.
- Troopers and undercover officers participated in a surveillance and drug buy/bust that resulted in the arrest of a citizen from Mexico and the recovery of 15 pounds of processed marijuana.
- Troopers and conservation officers conducted a joint investigation and surveillance operation at the Indiana Army Ammunition Plant due to the theft of large quantities of copper wire from the plant. An organized theft ring was identified and six suspects were arrested.
- A sergeant made a traffic stop that resulted in the arrest of a bank robbery suspect. He stopped the suspect for speeding after the subject passed him on the interstate.
- Troopers from the district participated in Operation Hoosier Relief to assist victims of Hurricane Katrina in Biloxi, Mississippi. One trooper developed a system for the victims to contact police officers utilizing small red flags.

Deputy Superintendent of Enforcement Area V

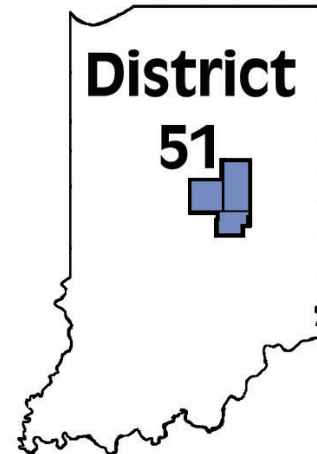

- The area continues to be responsible for planning and coordinating special events in central Indiana. They are: the Indianapolis 500, 500 Mini-Marathon, Hulman 100, Allstate 400 at the Brickyard, U.S. Grand Prix, Indiana State Fair, Indiana Boat, Sport and Travel Show and the National Hot Rod Association Drag Races.
- Area V also provided administrative, planning, operational and command support for one presidential visit and two visits by former presidents.
- The Emergency Response Team (ERT) was activated 15 times. In June, the team assisted with a hostage situation in Shelbyville, when a man took a woman hostage in a convenience store. An immediate call was made for the South ERT, a call for IPD SWAT to assist with explosive breach, and a call for North ERT to serve as backup. In the early morning of the second day, teams attempted a hostage snatch during a phone drop. The suspect fired shots during the attempt and a full assault was conducted on the target location to secure the hostage. The hostage was secured unharmed. The suspect died in the exchange of gunfire. The coroner ruled cause of death as self-inflicted.
- The Explosive Ordnance Disposal (EOD) team responded to 29 operational calls for service. Several of the calls for service in the Indianapolis area involved protective details and security for the events at the Indianapolis Motor Speedway. Calls for service also involved the recovery of Improvised Explosive Devices (IED). One call came from Fishers Police Department, whose officers had located an IED in a residence, along with bomb making instructions. The IED was a pipe bomb and was rendered safe by the team. Another call was to render safe 61 sticks of deteriorated dynamite located in an attic of a garage.
- The Underwater Search and Rescue Team (USRT) completed eight operational dive details. Three were death investigations and body recoveries as the result of drowning. Team members also participated in the water rescue element of Operation Hoosier Relief following Hurricane Katrina in Mississippi. Team members provided both rescue and law enforcement support patrolling the intercoastal waterways and bayous along with the Mississippi Marine Patrol and the Florida Department of Fish and Wildlife. The team also worked with the Indianapolis Police Department (IPD) to assist with removing drivers of vehicles stalled in high water due to heavy rains received during January. In addition, IPD requested the team for five diving details.
- The Marijuana Eradication Team destroyed over 11,019 wild plants, raided 47 indoor grow operations, made asset seizures of over \$59,000 and had a total of 141 criminal arrests.
- The Clandestine Laboratory Team dismantled over 90 methamphetamine labs, often times containing hazardous chemicals, and spent considerable time implementing Indiana Meth Watch, which educates first responders and community groups about the hazards of methamphetamine.

Deputy Superintendent of Enforcement

Pendleton District

- Troopers refocused efforts on interstate patrol, particularly during rush hours. Many positive comments came from citizens regarding the increased presence.
- The three Department of Correction facilities located near the post continue to generate criminal activity including smuggling of contraband and assaults on staff and other inmates.
- A median cable barrier is being installed along Interstate 69 in Madison and Hamilton Counties in response to department input on the numerous fatalities involving vehicles crossing the median and striking other vehicles head-on.
- Crooked Stick Country Club was the host of the 2005 Solheim Cup LPGA event. Thousands of people from all over the world came to Carmel for this event. District troopers assisted Carmel Police Department and Hamilton County Sheriff's Department in policing the event without incident.
- The Mount Comfort Airshow was held in Hancock County and thousands of people attended the three day event featuring the Navy's Blue Angels. The state police, Hancock County Sheriff's Department and Indianapolis Airport Police provided security and traffic control for this event. This annual event raises thousands of dollars for Riley Children's Hospital.

Deputy Superintendent of Enforcement

Indianapolis District

- Troopers arrested a man for pointing a firearm after a road rage incident. The arrest prevented further injury to either party.
- Troopers arrested an Indianapolis man while assisting probation officers with a compliance check of his residence. The man was a former chemist operating an LSD lab in his apartment.
- A man held a female patron hostage at a BP station in Shelbyville for 18 hours after a lengthy pursuit and shots being fired. The incident began with a pursuit and ended with an Emergency Response Team breach.
- A trooper arrested a man for possession of more than 250 grams of meth and 15 ecstasy pills during a traffic stop in Johnson County.
- Personnel assisted with the manhunt and apprehension of two suspects involved in separate shootings of police officers. The first incident occurred when a Johnson County deputy was shot during a morning traffic stop. A pursuit ensued and the suspect eventually killed himself. The second shooting occurred when a Marion County deputy was shot trying to apprehend bank robbery suspects.
- Troopers provided security at the residences of the Indiana Supreme Court Justices during several executions, as they received several threats against them and their families.
- Troopers conducted special enforcement patrols in construction zones to help reduce the number of crashes and provide additional safety to the highway workers.
- Troopers arrested an Indianapolis man for reckless homicide after he threw a chunk of concrete off the Lynhurst Avenue overpass on Interstate 70. The concrete went through the windshield of a tractor-trailer and killed the driver.

Deputy Superintendent of Enforcement

Putnamville District

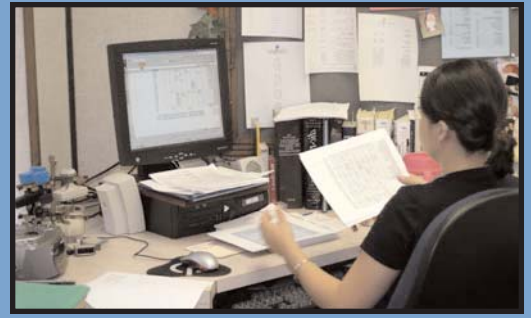

- Two troopers spotted the suspect of a double homicide in Pennsylvania who had the victim's 14-year-old daughter with him. After a short pursuit, the suspect was apprehended and the girl returned safely to Pennsylvania. This incident brought national attention to the district.
- Two troopers assigned to the Jill Behrman homicide case spent countless hours interviewing potential witnesses, suspects and experts to build a case to submit to the grand jury.
- Each year over the Labor Day weekend, the department provides traffic direction, law enforcement and public service to the participants and spectators attending the NHRA National Drags at Indianapolis Raceway Park in Clermont. The district takes the lead in coordinating the police service for the drags, the largest racing event of its type in the world.
- Personnel also participate in a large number of departmental programs, benefiting the citizens of the state. The Tactical Intervention Platoon and the Emergency Response Team draw large percentages of their members from district personnel. Officers assigned to the district are also utilized regularly as instructors and counselors at the Indiana State Police Recruit Academy, where they pass their expertise and the benefit of their experience to the new recruits. Additionally, district units participate in a variety of other special details and training assignments, including defensive tactics, firearms, tactical entry, explosive ordnance disposal and the honor guard.

Deputy Superintendent of Fiscal and Human Resources

Fiscal Division

- Annual Verizon cell phone charges have been approximately \$632,000 per year. The estimated cost for the new plan will be \$460,902 annually, an estimated savings of over \$171,000 per year. The savings come as a result of switching to the U.S. General Services Administration (GSA) discounted rate plan which is a set rate per phone and allows for sharing total package minutes. Calls between Verizon users are free. Text messaging was discontinued for most employees, saving over \$47,000 per year.
- In cooperation with the Logistics Division, the Ford Fleet program was reviewed and determined a substantial savings can be acquired by fully utilizing department and motor pool garages for basic repairs, tire and oil changes. The estimated savings is approximately \$14,000 per month, for an annual savings of \$168,000.
- Officers were requested to cut off duty driving in an effort to conserve fuel during the current fiscal year. Current estimates confirm consumption reduced.
- The division is in the process of being civilianized, changing division leadership to all employees with extensive knowledge and experience in state fiscal matters. Sworn personnel are being reassigned to areas more suited to their skills and abilities.
- Personnel implemented the PeopleSoft system, which will track financial data at the agency level. In the past information had been tracked on spreadsheets and manual ledgers.
- Working with the Records Division, personnel set up a new process for receiving payment for firearms license and criminal history checks. With the new process, a lock box system has been established for all incoming mail. Union Federal Bank opens all payment mail and deposit checks received on a daily basis. They deliver a deposit report and all supporting documentation to the Treasurer's Office for department pickup. The system satisfies state requirements and provides a more efficient manner of doing business.

Deputy Superintendent of Fiscal and Human Resources

Human Resources Division

- The division completed the 65th Recruit Academy selection process with 50 recruits invited to attend.
- The seventh Capitol Police Section selection process was completed, resulting in 10 officers being hired.
- A motor carrier inspector selection process was completed for the first time since 2001, with 16 individuals chosen to attend the school.
- The division conducted selection processes electronically, resulting in a cost savings of approximately \$15,000.
- An online recruiting system was implemented for civilian positions, using the e-recruit module in PeopleSoft.
- The division conducted an online open enrollment for health benefits for all employees and life insurance benefits for all civilian employees. The process included notification to all plan members regarding Medicare D, as well as several plan changes.
- Civilian interview training was conducted for commanders and the administrative process and paperwork were streamlined.
- Staff implemented the Service Purchase Program under the Pension Trust for sworn officers. The program allows police employees to purchase pension credit for prior military and law enforcement service.
- Personnel implemented the "pickup" of police pension contributions for members of the Indiana State Police Pension Trust. Pension contributions are now made on a pre-tax basis.
- The division initiated an alternative work schedule for both police and civilian personnel in order to assist employees with the rising cost of fuel.
- The Performance Appraisal System was changed to semi-annual evaluations for both sworn and civilian personnel, resulting in a cost savings of approximately \$55,000 annually.
- The division changed the Police Promotion System process, moving to a single promotion examination. This change will save the department approximately \$352,000 annually.
- An extensive Affirmative Action Plan was completed, complying with new federal reporting guidelines.

Deputy Superintendent of Fiscal and Human Resources

Office of Professional Standards

Internal Investigation Section

- Investigators in this section are assigned to conduct lengthy or complicated inquiries involving allegations of employee misconduct.
- Staff provides advice to supervisory personnel on procedural matters regarding internal investigations. The section also gives commanders information related to the disciplinary process and existing precedent as to penalty in disciplinary cases.
- Completed internal investigations and preliminary inquiries are forwarded to the section, checked for accuracy and presented to the Superintendent for review. Following administrative action, statistical information is extracted and records are securely stored.

	2003	2004	2005
Formal Investigations			
Internal Investigations	75	52	69
Employees Accused of Misconduct	62	54	78
Employees Disciplined*	43	21	32
Informal Investigations			
Substantiated	59	57	69
Unsubstantiated	120	125	156
*Does not include terminated probationary officers or employees accused of misconduct who retired, resigned or were placed in a disability status prior to disciplinary action.			

Equal Employment Opportunity Section

	2003	2004	2005
EEO Investigations	0	1	1
Race Discrimination/Harassment	0	0	0
Sex Discrimination/Harassment	0	1	1
Other	0	0	0
Finding of Cause for Complainant/Victim	0	1	1
* Supervisory Action	0	1	1
*Includes written reprimands to accused, referral of case to Internal Investigation for possible disciplinary action, or measures were taken to resolve the dispute.			

- The Equal Employment Opportunity Section (EEO) monitors the EEO/Affirmative Action activities of the department and its employees. These responsibilities include in-depth investigations into possible violations of federal and state fair employment practice laws by and against employees.
- The section is responsible for submitting the department's Affirmative Action Plan to the appropriate state and federal agencies.
- Other functions of the section include maintaining liaison with other state and federal agencies involved in civil rights enforcement.

Deputy Superintendent of Fiscal and Human Resources

Public Information Office

- Staff members produced the department's yearbook. In the period of one year, staff photographed all active employees, edited all identification photos, compiled numerous candid pictures and prepared the yearbook for press.
- Members of the section traveled to Mississippi after Hurricane Katrina to manage media inquiries and develop informational pieces for in-house release during Operation Hoosier Relief. Staff also produced a DVD depicting department participation in Operation Hoosier Relief and provided copies to all personnel who participated in the effort.
- The section transitioned to using digital photos for identification and promotional purposes, eliminating the cost of film and processing.
- Staff photographed the governor, lieutenant governor and other state administrators for their official portraits.
- The section hosted the annual retirees' reception and promotion ceremonies. Staff also assisted with preparation for the first headquarters memorial service.
- Personnel took an active role in coordinating public relations efforts at the Allstate 400 at the Brickyard, Boat, Sport and Travel Show, Indiana State Fair, Indianapolis 500, NHRA National Drags, Thunder Over Louisville, United States Grand Prix and other events around the state.
- Over 800 students attended 15 camps offered across the state through the department's Youth Services. The camps are made possible through the support of the Association of Indiana Troopers, Indiana District Optimists, Indiana State Police Alliance, Indiana Troopers Association, Jaycees, Kiwanis International, Lions Clubs of Indiana and the Pacers Foundation.
- The section took an active role in the department's recruitment efforts. Staff assisted with production of informational and promotional items for recruiting and represented the department at career fairs and other events.
- Public Information Officers handled media inquiries for several significant cases which brought national media attention. Those cases included:
 - The abduction, rape and murder of Katie Collman, a fourth grader from Crothersville, who was kidnapped while walking home from a nearby store;
 - A multiple murder/suicide in Loogootee, where a gunman killed his ex-wife, two children and his ex-wife's boyfriend before turning the gun on himself;
 - A two day hostage situation and standoff at a Shelbyville gas station;
 - The arrest of a Pennsylvania fugitive, who reportedly kidnapped his girlfriend and daughter of the murder victims, and
 - A tornado that killed 23 people in Warrick and Vanderburgh Counties and destroyed several hundred homes.

Deputy Superintendent of Fiscal and Human Resources

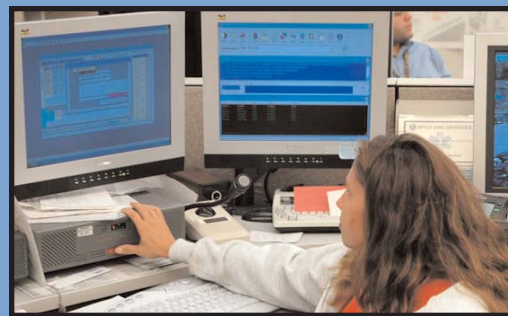

Training Division

- Staff upgraded the Training Records database to an Intranet based system, providing for statewide entry and centralized storage of all department employee training records.
- The 65th Recruit Academy began on October 31st with laptop computers issued to all recruits. With support from the Information Technology Division, a wireless network was created for academy staff and recruits, providing for immediate updates to all department training documents.
- Division personnel administered National Incident Management System (NIMS) IS 700 training for all department enforcement personnel, telecommunications operators/supervisors, motor carrier inspectors and laboratory personnel responsible for field activities.
- Staff administered online ethics training for all personnel.
- Personnel implemented a new American Heart Association first aid training program for personnel, resulting in a cost savings to the department.
- Troopers developed a new rifle qualification and training program allowing enforcement officers to carry non-issued rifles, which meet specified requirements, on duty.
- The division continues to administer the department's Automated External Defibrillator (AED) program. Twenty-five additional AEDs were distributed to personnel, primarily troopers assigned to the Commercial Vehicle Enforcement Division.
- Staff implemented transition training for the department's new duty weapon.
- Personnel developed and administered a retiree firearms qualification program in response to the passage of new federal and state laws.
- Trainers conducted an Emergency Vehicle Operations (EVO) instructor school, adding 18 EVO instructors to the department.
- Staff developed a new three-phase firearms training program with an increased focus on tactical training and practical application for implementation in 2006.

Deputy Superintendent of Support Services

Communications Division

- Division personnel, in conjunction with Integrated Public Safety Commission (IPSC) staff, facilitated the replacement of 10 new transmitter/microwave buildings and the remodeling of seven others. These projects contributed to the build out of the statewide 800 megahertz system.
- Over 120 new Federal Communications Commission licenses were prepared and submitted due to the rapid expansion of the statewide communications system and national rebanding requirements.
- Staff prepared, submitted and received approval on four Federal Aviation Administration studies to increase tower height at key locations. The increase to the height of the towers will better serve the department and the state with current and future communications needs.
- Select division personnel attended ATM (asynchronous transfer mode) training and completed installation of a new ATM system statewide. Installation of this ATM allows better bandwidth management which increases system efficiency. Ultimately more users can be put on the system resulting in substantial cost savings.
- A new network was installed at the ISP hanger eliminating three leased phone lines resulting in greater efficiency and cost savings.
- Microwave T-1 circuits were installed for Project Hoosier SAFE-T resulting in substantial savings over leased lines.
- Staff completed installation of a new tower at Evansville.
- Personnel installed and tested a new wireless Canopy System between the Seymour Post and the district's Interstate 65 scales. This system allows the scales access to the wide area network without any costly lines or monthly fees.
- Radio shop personnel provided 5,414 service related procedures including repairs, programming, special details and consultation.
- New underground cabling was installed at the southbound Interstate 69 weigh station.
- Staff performed major structural modifications on five towers.

Deputy Superintendent of Support Services

Information Technology Division

- Staff worked with Indiana Department of Correction, Indiana Criminal Justice Institute and Indiana Sheriffs' Association on the architecture of the new Indiana Sheriffs' Sex Offender Registry website.
- Work continues on the Indiana Bureau of Motor Vehicles STARS Project, which, when completed, will allow enhanced BMV functions and connectivity.
- The Indiana Missing Children Clearinghouse (IMCC) recorded 11,838 cases of missing children reported by law enforcement agencies statewide. As of January 1, 2006, 785 of these cases were still active.
- IMCC requested the Indiana Department of Health flag 103 birth records of children under the age of 13 reported missing to law enforcement. The center also established procedures to allow Child Protective Services investigators to receive criminal history information related to the emergency placement of children.
- A total of 16 AMBER Alerts were requested by law enforcement agencies within the state. Only four of those requests met the state's criteria and were approved for activation. The approved activations resulted in the recovery of four missing children.
- The Indiana Data and Communications System (IDACS) supported the needs of over 350 authorized agencies with a total of more than 3,000 trained and certified operators. The IDACS training staff provided instruction and certification testing to all authorized agencies via operator classes and operator test-outs. The training staff initiated a statewide system of online training and re-certification testing, available to all authorized agencies.
- IDACS performed over 4,000 automated information searches in response to request from law enforcement agencies.
- An additional 145 workstations were added to the IDACS network resulting in a total of over 2,000 workstations system wide.
- IDACS Security officers conducted 154 terminal and 18 non-terminal agency audits to ensure compliance with National Crime Information Center and IDACS policy.
- The Computer Support Section replaced all of the outgoing Verizon Cellular Digital Packet Data (CDPD) modems with new Verizon Code Division Multiple Access air card modems. This upgrade was made due to the expiration of the CDPD network.
- The Computer Support Section upgraded the mobile data terminals from the Lowell and Bremen Districts with new laptops and connected the systems with the Integrated Public Safety Commission's network. Bremen personnel were given training in the use of Wi-Fi networks.
- The Computer Support Section configured and deployed new computers to all district radio rooms.

Deputy Superintendent of Support Services

Laboratory Division

- Personnel completed 18,422 cases this year. Sixty percent of case submissions came from municipal agencies, 27 percent from county agencies, 10 percent from the department and three percent from other agencies.
- The body of a young girl was found in southern Indiana. She had been sexually assaulted and murdered. A forensic biologist took the lead in analyzing the evidence. The 73rd suspect tested in the case matched the DNA profile from the sexual assault kit samples and a cigarette butt. The biologist received commendations from the Seymour Post, FBI and the Superintendent.
- The DNA database law was expanded to include all felons. Since that time, CODIS (Combined DNA Index System) has been receiving approximately 1,000 new offenders from the Department of Correction (DOC) intake each month. The DOC is finishing a sweep to collect DNA from the additional offenders. This ongoing prison sweep has supplied approximately 8,000 samples to CODIS.
- The drug backlog was reduced by over 5,400 cases.
- A forensic scientist was presented with an outstanding achievement award by the Drug Enforcement Administration in recognition of his outstanding dedication and service.
- The Forensic Firearms Identification Unit completed 301 firearms/tool mark cases and 1,139 ballistic imaging cases. Unit personnel had eight Integrated Ballistics Identification System (IBIS) hits.
- The Forensic Fingerprint Identification Unit completed 898 cases. The unit's backlog was reduced even though they received over 100 more submissions this year.
- The Microanalysis Unit completed 350 cases. The backlog decreased by approximately 20 percent.
- The Forensic Document Unit, with one trained forensic document examiner, completed 44 cases.
- Crime scene investigators worked 1,132 criminal cases involving 1,438 crime scenes. They were called out 419 times. The majority (52 percent) of crime scene investigations were initiated by the department, 26 percent by county agencies, 21 percent by municipal agencies and one percent by other agencies.
- The Polygraph Unit completed 650 tests. One case involved an inmate who claimed a deputy was mandating her to engage in sexual activity in exchange for special favors. Both the inmate and the deputy were tested and it was discovered the inmate was telling the truth. After the examination, the deputy resigned.
- The Clandestine Laboratory Enforcement Team responded to 989 labs.

Deputy Superintendent of Support Services

Logistics Division

Automotive Section

- The section equipped 289 new vehicles and issued 269. They also equipped five Harley-Davidson motorcycles.
- Personnel retrofitted radio equipment for the Redkey and Connersville Districts.

Engineering Section

- Staff coordinated the installation of evidence buildings at the Jasper and Seymour Districts.
- Personnel coordinated the replacement of two boilers at the Versailles District, a waste oil tank at the Jasper District, a dehumidification system and air conditioning condenser at the Logistics Division and a chiller at the Pendleton District.
- Staff coordinated the removal of contaminated soil at the Evansville District.

M4 (Maximus Fleet Management) Section

- The M4 Section utilizes the computerized data system to provide support for all the sections within the division. This system affords the division the ability to track all equipment, supplies and assets from acquisition to disposal.
- Personnel physically audited all department assets located at district facilities and inventoried all weapons located at the division.

Print Shop

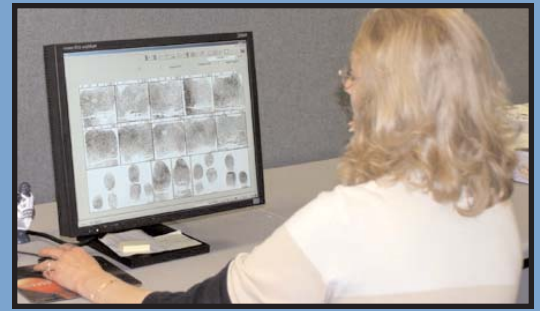

- Staff printed special details publications for the Indianapolis 500, the Allstate 400 at the Brickyard, the NHRA National Drags and the Indiana State Fair.
- Personnel printed the participant copy (yellow form) of the crash report forms for all agencies within the state.

Procurement/Inventory Section

- Staff writes specifications for bids, solicits for and evaluates proposals. They also authorize payment when goods or services have been received.
- Staff received and issued all Beretta .380 guns to Keisler Police Supply, part of the transition of weapons from Berettas to Glocks.

Deputy Superintendent of Support Services

Records Division

- The division is responsible for collecting, maintaining and disseminating criminal history data on adults and juveniles.
- Central Records Section processed 550,265 criminal history requests during 2005. This section processes federal background checks and tracks criminal arrests and dispositions.
- The division is responsible for enforcing provisions of the Title 1935 Firearms Act as it relates to handgun sales, dealer licensing and permits to carry a firearm. The Firearms Section processed over 70,000 applications for licenses to carry a handgun and held 691 revocation hearings, rescinding 614 licenses.
- The Automated Fingerprint Identification System (AFIS) Section now has 88 Livescan equipped agencies, which submitted over 172,900 electronic fingerprints for processing. The section submits fingerprints electronically to the FBI.
- Latent fingerprint examiners made 344 latent hits on prints submitted for examination.
- The Vehicle Crash Section just completed the second full year of electronic records collection. The section processed over 207,000 crash reports. This section collects crash information from all law enforcement agencies throughout the state. Crash statistics are available within one day after data entry for enforcement and statistical purposes.
- The Vehicle Crash Section is also responsible for the state's Fatality Accident and Reporting System (FARS). Personnel track all fatal crashes throughout the state and collect information for required statistical purposes.

In Memoriam

Trooper Eugene Teague

Killed December 20, 1933, at Paris, Illinois during the capture of members of the Dillinger gang.

Trooper Paul V. Minneman

Killed May 27, 1937, while attempting to capture members of the Brady gang.

Trooper William R. Dixon

Killed June 28, 1938, while attempting to apprehend members of the Easton gang.

Trooper George A. Forster

Killed May 17, 1941, in a traffic accident near Vernon, Indiana.

Trooper Richard F. England

Died April 22, 1942, of injuries sustained in a traffic accident near Kimmel, Indiana.

Trooper Herbert W. Smith

Killed December 5, 1946, near Shelbyville, Indiana when he was fired on by a traffic violator.

Trooper Robert E. Clevenger

Killed September 8, 1953, in a traffic accident while chasing a violator.

Sergeant Hubert Roush

Killed January 26, 1955, in an automobile accident near Indianapolis, Indiana.

Trooper Earl L. Brown

Killed August 31, 1955, while searching a suspicious person in Columbus, Indiana.

In Memoriam

Sergeant John R. Miller

Killed September 5, 1955, in an airplane crash while on Labor Day Patrol.

Trooper Donald R. Turner

Killed January 28, 1956, while assisting a wrecker operator pull a car from a ditch.

First Sergeant Marvin E. Walts

Died March 18, 1957, of gunshot wounds inflicted by a suspected bank robber.

Trooper William R. Kellems

Killed September 30, 1957, by fugitives wanted for murder near Scottsburg, Indiana.

Trooper John H. Powell

Killed February 27, 1959, in a traffic accident near Kentland, Indiana.

Trooper Robert J. Garrison

Died December 14, 1959, of injuries sustained in an automobile accident.

Trooper Robert C. Gillespie

Killed June 8, 1962, in an automobile accident near Mitchell, Indiana.

Trooper William F. Kieser

Killed March 9, 1965, while investigating a suspicious person near Ramsey, Indiana.

Trooper Oscar Mills

Died April 12, 1966, as a result of injuries sustained in an automobile accident.

In Memoriam

Trooper William R. Rayner

Killed December 18, 1966, by escapees from a Kentucky state prison.

Trooper Richard G. Brown

Died September 27, 1967, of injuries sustained in an automobile accident in Boone County, Indiana.

Trooper Robert O. Lietzan

Killed March 30, 1969, by a mentally deranged subject armed with a rifle who had been firing at random from a barricaded position.

Sergeant George W. Campbell

Died June 18, 1969, of a heart attack during the arrest of a truck driver who attempted to drive by the Putnamville scales.

Trooper John J. Streu

Killed February 20, 1971, while investigating two suspicious subjects behind a school building.

Sergeant Glen R. Hosier

Killed April 26, 1971, by a subject being sought for murder near Peru, Indiana.

Trooper William J. Trees

Killed June 26, 1972, in an automobile accident while chasing a violator.

Trooper Lawrence B. Meyer

Died February 2, 1974, of a heart attack during a foot pursuit of an escaped prisoner.

Trooper Lewis E. Phillips

Died April 16, 1975, as a result of injuries sustained in an automobile accident.

In Memoriam

Trooper Roy E. Jones

Killed July 3, 1979, in an automobile accident while en route to assist the Markleville Town Marshal.

Trooper Robert J. Lather II

Killed July 6, 1982, in an automobile accident as he assisted the Howard County Sheriff in pursuit of a speeding vehicle.

Trooper Steven L. Bailey

Died December 10, 1983, when his weapon accidentally discharged while attempting to serve a warrant.

Sergeant John E. Hatfull

Killed April 13, 1987, while leading the Emergency Response Team into the residence of a suicidal subject.

**Master Trooper
Michael E. Greene**

Killed February 5, 1993, along Interstate 65 while arresting a person wanted on a warrant.

Trooper Todd A. Burman

Killed July 29, 1993, while assisting the Camden Town Marshal in the arrest of a disorderly person.

**Master Motor Carrier Inspector
Ralph R. Reed Jr.**

Killed August 3, 1995, when he was struck by a vehicle while performing a truck inspection.

**DNA Supervisor
Kimberly S. Epperson**

Killed November 16, 1995, in an automobile accident while en route to a training assignment.

**Trooper
Andrew P. Winzenread**

Killed April 25, 1997, while assisting a disabled motorist along Interstate 74 in Decatur County.

In Memoriam

**Senior Trooper
J. Patrick Bartram**

Died March 31, 1998, of injuries sustained in a traffic crash near Mooresville, Indiana.

**Master Trooper
David A. Deuter**

Killed July 16, 1998, while conducting a traffic stop along the Indiana Toll Road.

Trooper Richard T. Gaston

Killed March 4, 1999, when a semi-tractor trailer drove off the roadway and struck the trooper's vehicle.

Trooper Cory R. Elson

Killed April 3, 1999, when a driver opened fire on him during a traffic stop on U.S. 27 in Decatur, Indiana.

Trooper Jason E. Beal

Died January 15, 2000, of injuries sustained when he was struck by a passing vehicle as he helped a wrecker operator.

Trooper Scott A. Patrick

Killed December 22, 2003, when a driver opened fire on him as he approached a disabled vehicle.
